

Remarks/Arguments:

Applicants have taken this opportunity to amend the claims. Specifically we have amended claim 1 to cover compounds where R^6 and R^7 are both chloro or one of R^6 and R^7 is chloro and the other is hydrogen. Basis for this amendment is to be found in the published application at paragraphs [0117] and [0118].

The above amendments have been made without prejudice to Applicants right to prosecute any cancelled subject matter in a timely filed continuation application.

Applicants believe the application is in condition for allowance, which action is respectfully requested.

Respectfully submitted,

/Lucy Padget/
